

You have heard tales from a friend in the Axmure Militia of a band of notorious robbers and thieves who were apprehended recently. They have been on the run for years but were finally caught whilst trying to mend various horrific wounds, including several missing limbs. Naturally, they are reluctant to talk to the authorities, so no one has yet been able to find out where or how they got these wounds.

This is an OOC document you should not take it into play. Feel free to make any notes about what your character remembers from the encounter instead.
