

*My friend Luke,*

*I am sorry that we were not able to meet at the last festival.*

*There are many things I would be interesting in discussing with you. Barien is holding an audience that several of the Summer Courts will be invited to.*

*I would grateful if you would attend as my guest, as part of my friendship with Corvus, but hopefully as part of the start of our own friendship.*

*I would like to speak to you about your magical training and how it is advancing, and what I can do to help.*

*If you have other matters, they feel free to give the invite to another, I would hate to have an empty seat.*

*I look forward to speaking to you*

*Your Friend*

*Meraud*
