

*Idris Eternal and Accalon of Felix's Watch*

*My Friends*

*We are sorry that we have not been in touch earlier, we have run into problems with the brewery. Construction of the brewery has done well, but evil creatures have stopped out progress. They are stopping us from harvesting the mushrooms.*

*We would appreciate your help, we are simple folk and know little of these foul creatures from other realms. We are at the Frostbrook Brewery in Longshire in Reikos.*

*We cannot pay you for the help, and without it we cannot sort out our production. All our current trials have not produced the same results as in Miaren, but if you could send help to save us from these creatures we would be very grateful.*

*In thanks*

*Drest Frostbrook*
