

<p>Physick: Following organ damage, function of the kidneys and liver have been taken over by strange parasitic plantlike organs.</p>	<p>To treat, the effects of the wound must be suppressed, then the patient must be fed any Tonic of the Deep Forest. The plant organs should be removed and replaced with a kidney from a live human donor, and part of a liver from a live human donor, then sewn up and healed.</p>	<p>Untreated Information: If at the end of the event you have not had this effect treated, please email plot@profounddecisions.co.uk with your PID and advise that you did not have the haunting removed. You will receive further instructions before the next event</p>	<p>Insight: The target is being haunted by a fragment of a much larger ghost which is very far away. Over time the ghost will take over the target's personality entirely and look to spread to new hosts, but this will take several days to happen. The spiritual affliction can be removed though the use of the Exorcism skill performed at a strength of 3.</p>	<p>Untreated Information: If at the end of the event you have not had this effect treated, please email plot@profounddecisions.co.uk with your PID and advise that you did not have the haunting removed.
