

*For Asya Olya Vikentivich*

*From Exquy Herald of the Tomb King*

*It must have cost you to admit that you do not control your coven. Perhaps your cleverness in setting the terms of the bargain as you did means that further discussion is unnecessary. But perhaps not.*

*Myself or one of my fellow servants will meet you. We will seek you in the Varushkan camp around 7 of the Friday evening of the Equinox. Perhaps you can arrange a place for us to talk that will have the seclusion you might wish for our conversations.*
