

On the Grendel's Spy Network

It is the belief of the Silent Bell that the Grendel have a covert operation currently active in Redoubt. The performance of this network is enhanced by five Urizeni informants.

Septima of the Spire of Shaping Stars, the Architect

Vetus Inkspire, the Seer

Cicero of the Spire of Shaping Stars, the Illuminate

Tullia Inkspire, the Torchbearer

Aquilina Inkspire, the Questor

The Silent Bell agents currently in Redoubt have access to ten mana crystals and five doses of liao. They can perform day, night and autumn rituals up to magnitude ten. Any use of resources is expected to be compensated by members of the Assembly of Nine during the season.

Septima of the Spire of Shaping Stars

Septima carries with her a pouch embroidered with the rune Diras. It is the understanding of the Bell that the Grendel have taken Septima's wife and kept them in a secure location with their commander to ensure loyalty. Septima knows the location of the meeting with the Grendel commander.

Vetus Inkspire

Vetus has a hallowed wand, The Sentinel's Law, which has a hallowing of Vigilance which seems to encourage them to take whatever strategic action to defend their homeland. It is the understanding of the Bell that they are helping to save Urizen lives by providing information to the Grendel. Vetus knows the time of the meeting with the Grendel commander.

Cicero of the Spire of Shaping Stars

Cicero is labouring under the belief that the Grendel could be made to be virtuous, that by encouraging them to act virtuously they can be made a more useful node in the Net of Heavens. He has a stoic demeanour which has been seen to slip when under relaxing auras. Cicero knows the location of the Spy Network.

Tullia Inkspire

Tullia has a strong understanding of the Grendel force currently active. She has been noticed to talk too much, particularly when under the effect of certain auras. Tullia knows the name of the Commander.

Aquilina Inkspire

Aquilina believes that there is an opportunity to expand on the Way through the religion of the Grendel. As such, she seems willing to work with the Grendel for information. She has a noted hatred for insects. Aquilina knows the location of the Commander.
