

Greetings to the Cardinal Irada von Temeschwar,

I have some information for you, regarding your recent letter to Melchior.

Knowing of the trade between the Asavean Archipelago and the Grendel I travelled to Spiral, taking advantage of the recent cessation of hostilities.

Once there I was able to pinpoint where some of the slaves that had recently been sold to the Grendel were being taken, and believe that one, a Cambion, may have information regarding those who might wish to see an end to the Plenum.

They will be in the quiet field close to Solen's Doubt, Apstrus, Spiral. Look to the Sentinel Gate.

Rescue the Cambion and I trust they will have the information that you need for your goal.

Yours,

Xavier of the Silent Bell
