

*Grandmaster,*

*Greetings! I represent a coven of magicians from the Sumaah Republic. It is my great Pride to say that we are one of the more influential covens within our great nation, and as such we were recently alerted to some interesting communications from Ambassador Accalon. The wording was circumspect, but spoke of offering the Empire's magical knowledge to us in the same way that it was offered to the Commonwealth. I will not lie: access to Imperial Lore would be a gift of immense value. However, it would come with its own set of political considerations.*

*Rather than lay these all out here, we have spoken to a friend of ours from the Spring Realm. Our coven has a good relationship with The Cupbearer, an Eternal of Spring who is concerned with healing, cleanliness, and natural fertility rather than rampant, mutated growth. If you do not know this Eternal, know that they are a broadly benevolent force who does not impede the road to Virtue, so long as one is Vigilant. They have agreed to make a Chamber within the Spring Realm open to us for one hour, between 6pm and 7pm on the Saturday of your Spring summit. A Herald called Flow intends to attend your Hall of Worlds to escort visitors to come meet with us.*

*The Cupbearer has advised us to contact your Order as well as the others, so if you are not aware of it, it is certainly aware of you! As such, we would be happy to receive a representative of your people, alongside those from the Ambassador, the Sevenfold Path, and the Celestial Arch.*

*We hope to discuss politics, Virtue and magic, but we also hope to have a good time meeting people from a distant land! As such, we intend to bring food and drink to share, and would be very happy if you were to choose to bring refreshments of your own. As a note, our coven are all Vitalists, and will not consume anything containing animal products. If you do bring any non-Vitalist food or drink we will not be offended, so long as it is appropriately labelled.*

*We look forward to seeing you soon!*

*Virtuously Yours,*

*Itzel of The Wellspring*
