

*To the esteemed Nicassia Avicia of Phoenix Reach, General of the Citadel Guard,*

*I write to you concerning a very delicate matter, with which I trust you will be discreet. My name is Maistir Odhrán, and I am a Grendel landowner of considerable Ambition. It is my hope that we will be able to come to a mutually beneficial arrangement with regards to the removal of certain heinous and despicable elements within the Grendel presence in Spiral.*

*I cannot include more details in this letter, but I will be arriving in Anvil at Nine O'Clock on Saturday Evening and would very much like to discuss it with you. I recommend you bring two or three trusted and discreet Sentinels or War Wizards with you. I will head to The Hub once I arrive in Anvil, please come and find me there.*

*Also, I should say that I am sending this letter to one or two other prominent Urizeni leaders whom I believe may be interested, so do not be surprised to see others there.*

*Respectfully,*

*Maistir Odhrán Larnach*
