*Gemma Brightsmith and William Guildenstern*

*You are invited to a rewarding ceremony with the Iron Duke himself.*

*You will receive your rewards in The Grove of the Thousand in Axmure, Semerholm and may bring up to 12 people to the ceremony. It will take place at a quarter to 7 on the Saturday evening of the Solstice.*

*Since yours was a long challenge, with many aspects – if you wish to bring with you a bard or mummer to tell the tale of any part – we will make space for their performance and reward them well with golden fruit of Summer.*

*We can also arrange for you to speak with a favoured Herald of Barien – one who pays more attention than most to the complexities of the past – should you wish to chat about things that happened along the way. But you are under no obligation to do this at all – only if it appeals to you.*

*Let Revel or Temper know your decisions in both these matters in Anvil on the Friday evening of the Solstice. They will be at the House of Del Toro in the Brass Coast from 7 til 9 in the evening*

*I am in awe of your work*

*Styx*

*Herald of Barien*

OOO Note – The Herald mentioned will be Matt P. It would give you an opportunity to chat about all the confusing stuff along the way, but in an IC fashion to a Herald that knows some stuff. The caveat is its also confusing to Matt cos of time passed so he might not actually be able to help you make sense of it all! Its an opportunity that is there if you want it, but equally if you just want to let it be and enjoy the celebration and the rewards it doesn't need to happen!
