

Greetings Highborn,

My name is Lydia of Asher's Stand. I write to offer you a chance at investigating one of the many threats to our Empire. I am an Inquisitor of the Way and have spent the last year on the trail of a sect of Purity followers in Reikos.

I have managed to ingratiate myself enough with one of their members, sufficient that I can be sworn into their band, but have yet to take the final leap in joining their ranks. I write to you to request your approval in this act.

I aim to study and learn the ways of Hatred, so that it may be better fought by the Empire. I believe that I can accomplish this in two seasons.

I am aware that there is a risk of religious crime in doing this, hence my desire for the support of the Assembly of Nine and those Highborn who hold titles in the Synod. I ask that, should it come to it with regards to the Magistrates, that you corroborate that I have done what I can in defending the Way of Virtue from the dangers that threaten it.

If you approve, or disapprove, please inform me by Judgement in the Synod. A full list of those have been sent this letter will be sent to Cardinal Azekah of Zephaniah's Lament, being the only Highborn to also have a place on the Assembly of Nine.

Lydia of Asher's Stand

Grey Charge

Reikos
