

Reckoner Xanti Cevia de Regario,
You don't know me, but I know you. I've got a deal.
A little bird tells me the Highborn are pushing out
east. I can put you in touch with all the best people
out that way, for the right price.

Xanti,
Good to know you're as wise as they say. Send for the
"Prenefactor" Samy of Chalcis, and be sure to send a
gift for his creature Nehemiah. Between them they're
building a retreat up at High Chalcis, away from
all these sinful works that make people like us rich.
Good luck finding their woman in Sarvos - she's slippery
like Sadsqua. Once you do, give her a kick from me.

Dear Xanti,
Mestra is kicking off again.

Fernanda's getting cold feet. You might find it a very
propitious time to call in that debt.
