

*For the attention of Jabin of Endsmeet, Urizen Camp, Anvil*

*Jabin*

*After your enthusiasm on the Plague Wulf hunt, I look forward to meeting you again this Solstice.*

*I plan to arrive early as we may have uncovered an opportunity for a Dire Astacid hunt. Laurel will notify me by Winged Messenger once she is sure so that we may check the Sentinel Gate. We may need to deploy with haste.*

*We are also looking forward to discussing membership of the sodality, for you, and for Gregor du Rondell. I have made a handwritten copy of the Oath so we can begin discussions about initiation ceremonies.*

*Adiran of the Venatores Illustre, currently travelling*
