Holberg, Winter 3827E

ignificant Dates in Imperial History

“If the Empire were simply a machine for making war against barbarians it would fail... it would ultimately prove a hollow achievement unable to stand the test of time. Only by taking joy in its achievements and its citizens, can it hope to survive more than a few centuries, weather the inevitable crises that will come, and emerge as something greater than the sum of its parts.” - **Empress Richilde**

TIME OF MYTH AND LEGEND

	The distant past orcs rule, humans suffer
Travellers from across the sea subjugate the lands south of the Lasambrian hills	400 BE? Iron Confederacy established
