the work of the Imperial Civil Service

# The House of Seven Mirrors is a political salon founded by Lisabetta Giacomini von Holberg.

Those gathered seek to increase their knowledge through discussion of new ideas and ways in which to put those ideas into practice. Those attending agree to abide by the Rule of Seven Mirrors.

Our Rule is intended to allow attendees to express ideas - some which might be undiplomatic or controversial - in an atmosphere of free and frank exchange, with a view to putting them into practice and thereby furthering the Empire's destiny.

| <b>Senate Concerns</b>               |   |
|--------------------------------------|---|
| <b>Hierro Clan</b>                   | 75 thrones/season to continue supporting the Hierro. Request admission to the Empire; demanding Segura or Madruga. Refuse to become part of the Imperial Orcs.  |
| <b>Kallavesa opportunities</b>       | Sinecure of Empress Britta pilgrimage site & Great Work (30 wg, 10ww, 10t) adds 50 votes & 25 liao.   |
| <b>Reikos</b>                        | Assignment of Reikos; Allocation of 2 Bourse seats. Opportunities exist for Garden of Chalcis Great Work to produce 120 herbs (80wg); Fortification (160wg, 45t)  |

| <b>Religious Concerns</b>            |   |
| <b>Courage Heresy</b>                | Reikos Courage congregations will rise, to other assemblies' detriment. SoP + 50 liao could stop the heresy. Courage/Highguard assembly +25 liao could spread it to other Highborn territories.                             |
| <b>Dawnish Crusade</b>               | SoP+50 liao to support Barrens crusade: enhances Dawnish military units there; detriments elsewhere.<br>SoP + 50/100 liao to support moving one/two armies through the Forests of Peytaht.                                  |
| <b>Hierro Clan &amp; The Way</b>     | SoP & 100 liao required to continue proselytization. General, Freeborn, or any Virtue Assembly can encourage the Freeborn to allow Hierro to stay (50/100 liao). A judgement could be raised encouraging Freeborn to leave. |
| <b>Kallavesa Shrine</b>              | 10wg & 20cr; creates Britta Shrine sinecure & title with 7 liao & 14 votes; or 18wg & 36cr (9 liao & 18 votes)  |
| <b>Marcher Assembly</b>              | Can pass SoP to: 'tighten belts'. 50 liao gets resupply rates back to normal by Spring, not Summer. Or 'take advantage' - 25 liao increases farm income, with army resupply seriously affected.                             |

|                               |  |
|-------------------------------|--|
| <b>Skarsind secessionists</b> | 'Skarsind Loyalty congregation' led by Thane Dogri Thulebane. Wintermark SoP could prevent further rallying to this cause, would increase prosperity. Spoils of War would need to be given up. Or SoP in support would mitigate resource reduction for Wintermark Skarsinders, at the cost of reduction in Imperial Orc resources. |
| <b>Wintermark 'Courage'</b>   | Wintermark Assembly could raise a SoP (25/50/100) liao that would encourage raiding of the Thule.  |

| <b>Winter Regio at Hnvil</b>  | Second regio, aligned to Winter magic, can only be used to target Casinea. Imperial regio has no Winter component.   |

| <b>Holberg</b>                | Fortifications of Holberg will be damaged this season. Rebeshof is flooding. Herbs could be cultivated in the Morass. Unnatural vines growing in Misericorde and Utterlund. Giant rats. <b>HOLBERG ENDURES.</b>  |
| <b>League Cities</b>          | Vyig routed; various businesses up for auction in Tassato, Holberg and Temeschwar.   |
| <b>Red Star</b>               | A new star is causing an increase in mental instability. 75 weltsilver and 10 crowns (direct or via Conclave) will enable an observatory to be built by Spring.  |
| <b>Summer in Winter</b>       | A Summer Enchantment has increased production across all of Varushka.  |
| <b>Territory Curses</b>       |  |
| <b>Bastion</b>                | Freezing rain, Winter 20. Congregations halved.  |
