

## The Dose of True Liao

Citizen, whether due to your own personal prosperity, the favour of the Throne, the support of the Gatekeepers or by other means, you have come into possession of a dose of True Liao, otherwise called Imperial Liao, the most sacred substance known to the Empire.

The dose has been passed to you with this document – the bottle, and the holy treasure it contains, are **now your property** to do with as your Virtue directs you.

Should you desire to use the dose to receive a Vision, said to be of your own Past Life, you must present this dose to the Civil Service **one summit in advance**. The preparation process takes a **full three months**, so your Vision cannot occur any sooner.

If you choose this experience, you will be required to **attend the Civil Service Hub at 1:30pm on the Sunday** of the summit at which you present the True Liao, in order for the Civil Service to conduct an interview to ensure you understand the importance and implications of this undertaking.
